Defiant earth: the fate of humans in the Anthropocene

Defiant earth: the fate of humans in the Anthropocene

Clive Hamilton

Clive Hamilton is professor of public ethics at Charles Sturt University in Canberra and author of a number of influential books.

He will discuss his new book *Defiant Earth: The Fate of Humans in the Anthropocene*, asking why all ethics fail in the new epoch brought on by human neglect and rapaciousness. He argues that all conventional ethical ideas based on what are and how we relate to the

Earth fail in the face of the Anthropocene. We must rethink humans and the Earth, but where do we start?
